

### **Alliance to End Hunger Membership**

The mission of the Alliance to End Hunger is to engage diverse organizations to build the political and public will to end hunger in the U.S. and around the world in a generation. To that end, we engage diverse stakeholders to have collective impact from across the spectrum of the anti-hunger community.

We believe that it takes the combined effort of all sectors to end hunger at home and abroad, and we invite more organizations to join our commitment to the fight against hunger. Membership in the Alliance to End Hunger is open to corporations, nonprofit organizations, universities, individuals, health care providers, foundations, and faith-based groups.

### **Alliance to End Hunger offers two options for membership – General and Sponsoring Membership.**

**Sponsoring Membership** offers a larger opportunity to be prominently positioned as a committed member for their expertise and impact in the fight against hunger.

- **Visibility in the Anti-Hunger Space:** Sponsoring members benefit from connecting to the Alliance to help their own company or organization enhance their visibility in the anti-hunger space.
- **Prominence at Alliance Member Event(s)-** Sponsoring members are more deeply engaged in creating and framing events, and will be listed as a sponsor at at least one member event per year. At this event, the sponsoring member will also have the opportunity to share their commitment and updates as a member of the panel.
