

Call to Action Against U.S. Hunger September 2017

September is Hunger Action Month!

In Brief:

September is Hunger Action Month—the Feeding America® network’s nationwide awareness campaign designed to mobilize the public to take action on the issue of hunger. The campaign brings attention to the reality of food insecurity in the United States and promotes ways for individuals across the U.S. to get involved in the movement to help end hunger. **Hunger Action Day®**, which is the **second Thursday in September (September 14)**, is a day where efforts across the country are focused for greater impact. Hunger exists in every county in the U.S., affecting 41 million people, including 12.9 million children. The Alliance to End Hunger supports this wonderful effort to raise awareness and take action against hunger.

Call to Action Against Global Hunger September 2017

Support Feed the Future Week (September 11-15)

In Brief:

Feed the Future – the US Government’s whole-of-government global food security initiative – is highlighting their second annual Feed the Future week during September 11 - 15. Last year, partners from every sector had the opportunity to amplify how their work contributes to ending hunger, and they are hoping to build momentum through their #EndHunger campaign! Progress wouldn't be possible without partnerships, so Feed the Future Week will have several opportunities for you and your organization to get involved. The campaign will consist of a digital component that includes mini-blog series, social media posts, partner content curation around daily themes and “virtual coffee breaks.”

We #endhunger by
partnering with others to
boost growth & opportunity

Content for the week will be organized by themes:

- Monday, September 11: Agriculture-led growth
- Tuesday, September 12: Research and Innovation
- Wednesday, September 13: Nutrition
- Thursday, September 14: Resilience
- Friday, September 15: Country Ownership

The Alliance to End Hunger wants to promote knowledge of what Feed the Future is doing, how it is helping millions of hungry people across the globe, and why it is critical to support this program.
