2020 Hunger Free Communities Virtual Summit

SPONSORSHIP OPPORTUNITIES

Virtual Summit

To maintain the health and safety of our summit participants, we will hold a virtual summit in 2020.

While a virtual event has its limitations, we embrace the opportunities to engage a larger audience than would be possible in a traditional setting. It is also an opportunity to bring the summit to new audiences.

This year, we have adjusted our sponsorships levels to reflect an online platform.

Alliance to End Hunger

Engages diverse institutions to build the public and political will to end hunger at home and abroad.

100 members representing corporations, foundations, nonprofit organizations, faith-based groups, universities and individuals.

Premiere platform for stakeholders to collaborate and advocate for stronger policy solutions to end hunger.

Hunger Free Communities

Alliance to End Hunger's signature domestic program.

Convenes 74 anti-hunger coalitions in 33 states.

These “hunger free community” coalitions bring together multi-sector stakeholders to unite behind a common vision and strategy to end hunger.

The Alliance promotes advocacy, shares best practices and builds capacity through communications, gatherings, tools and resources.

The Summit

The 2020 Hunger Free Communities Virtual Summit is national event to be held on November 18 & 19, featuring:

- Keynote speakers highlighting the current state of food security in the U. S. and the need for community action
- Panels and workshops addressing effective strategies for increasing community food security; successful implementation of model programs; innovative approaches from content experts & practitioners; and new tools & resources.
- 1,000 anticipated participants
